Your Perfect Match

PrimePanels^{NZ} Resene

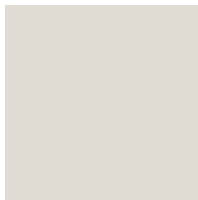

Matching the most popular hues in the Resene Total Colour System, Prime Melamine colours co-ordinate for a contemporary look, or make a design statement on their own.

A Faultless Finish

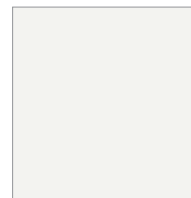

Prime Melamine high quality panels require no additional surface finishing.

The extensive colour collection is available in four finishes: smooth velvet, textured embossed, woodgrain and wilderness.

Honed Collection

Outside: With a raw industrial feel, the Honed collection will add a touch of realism to your interior surface.

Inside: Why settle for white? With a non directional design and colour co-ordination with the latest in draw hardware, the honed collection is the option for your cabinet carcass.

Easy Care Hard Wear

The tough, low pressure melamine surface is highly durable and scratch resistant, so you can be confident it will face up to daily wear and tear.

Core Values

Beneath the stylish surface hides a very clever core; you can adapt the substrate to meet your needs.

Choose from: MDF or Particle Board in a range of thicknesses and environmental options, or if your design demands more, Prime MDF FR (flame retardant MDF) and moisture resistant cores offer even greater flexibility.

Prime Melamine
Baroque

Finishes

Velvet

A delicate, low sheen eggshell surface.

Embossed

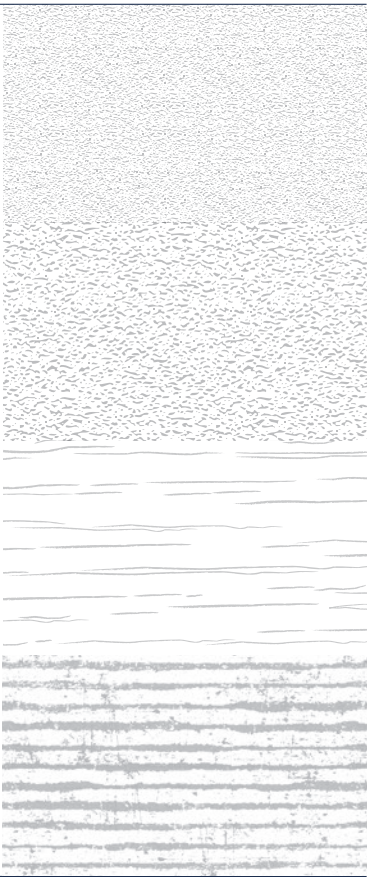

A lightly textured orange peel surface with good scratch resistance.

Woodgrain

A natural grain texture simulating that of timber.

Wilderness

A heavily textured, grained surface. Designed to enhance natural characteristics.

Edging

Prime Edging for Prime Melamine is available in PVC or ABS edge banding and is the perfect match to Prime Melamine colours. It has high impact resistance and surface hardness and is available in a range of sizes.

Thickness: 1, 2mm
Width: 21, 29, 35, 45mm
Roll length: 50m
Other sizes are available on request.

Cores

		Available board thicknesses (mm)

FR MDF	Prime FR MDF (Fire Retardant MDF) is suitable for use as wall and ceiling, partitioning, cabinetry and display panels in all types of public spaces. Prime FR MDF panels meet the New Zealand building regulations standards for Fire Retardant panelling (ISO5660) yielding a Group 1S result when overlaid with Prime Melamine.	FSC	ENV	E0		o	o		o		

FSC Forest Stewardship Council ENV Environmental Choice E0/E1 Formaldehyde emission level

PRIME PANELS – THE ENVIRONMENTAL CHOICE

Prime Panels works hard to offer environmentally friendly products and promote sustainable business practices across the board.

Our MDF is made by Nelson Pine using FSC (Forest Stewardship Council) controlled wood fibre and is available with low formaldehyde levels. Prime Melamine on Moisture Resistant MDF is rated ‘E0’ and emits less formaldehyde than Natural Radiata Pine and incorporates formaldehyde free adhesive, making it the ideal solution for interior applications working towards an environmental rating.

Prime Melamine

Maintenance and Care

USES

- Kitchen, bathroom and laundry cabinets
- Commercial and residential furniture
- Wardrobes and shelving
- Shop fittings and displays
- Wall linings

LIMITATIONS

Prime Melamine is for interior use only. Prime Melamine should not be used in high wear situations such as kitchen bench tops, high use shop counters, bar tops or restaurant tables. Do not use Prime Melamine in areas exposed to high moisture and humidity levels or areas in regular contact with water. Any exposed substrate must be sealed before service.

CLEANING AND CARE

Prime Melamine is low maintenance and easy to clean. For regular cleaning, simply wipe with a clean, damp cloth. Stubborn grease and grime can be cleaned using diluted vinegar and water or sugar soap. Stains should be tackled early with hot, soapy water, or use some of the techniques below. Always wipe with a damp cloth, then a dry cloth after cleaning to remove moisture.

Tough Stains

Food spills: All purpose surface cleaner

Shoe Polish: Diluted vinegar or lemon juice

Paint/glue: Wipe with acetone to loosen, then wipe clean with warm, soapy water and wipe dry

Hair/leather dye: Wipe with methylated spirits, then a clean, damp cloth

Pencil: Clean with a cloth and water

Stubborn marks/stains: Clean with Ajax Spray & Wipe and a soft nylon nail brush to remove stubborn dirt particles.

NEVER use abrasive cleaners or cleaning tools on Prime Melamine. Do not use Jif, Vim, Brasso, Mr Muscle cleaner, wire wool or sandpaper.

DISCLAIMER: The Resene colours referred to are trademarks of Resene Paints Ltd and are used and reproduced with Resene Paints Ltd's permission by Prime Panels NZ Ltd using Prime Panel's melamine technology. Some differences may occur depending on the gloss levels and texture chosen and the type of substrate used. Accurate reproduction of the Resene colours shown is only available using genuine Resene premium products, tinters and formulations which are not available from other manufacturers or retailers.
