

## WIDE WILSON

A Metalon made visitor chair manufactured locally in our Dunedin factory. Designed for users who prefer a wider seat. The steel tubular arms aid users in standing up and sitting down.

A popular choice for hospitals, medical centres and visitor areas.

Available as HIGH WIDE WILSON  
for users with recent hip surgery.

**DIMENSIONS:**  
600mm wide x 650mm deep x 860mm high

**FEATURES:**

- 75mm seat and back foam for added comfort
- Curved seat and back
- Robust steel tubular frame & arms
- Steel powder coated in your choice of colour

Standard upholstery in Warwick Keylargo fabric.  
Optional upholstery in any range of commercial fabrics.
